

iCAR Satellite

Caractérisé par sa philosophie tout-en-un (captation, transmission et encodage), l'iCAR-S bénéficie de la capacité de transmettre par satellite. Avec son système d'énergie autonome, l'iCAR garantit une totale indépendance d'enregistrement. Il propose de surcroît un espace de production pour deux opérateurs, espace qui peut être entièrement converti en régie Fly Aways.

- 2 SONY PMW 350 XDCAM EX
- SIMPLY TV ViBOX
- BEHRINGER XR18 linked with the ViBOX

Models	Registrations
iCAR 1S	CV-031-KJ
